III. OTHER BUSINESS

1. Dean Hopkins thanked the department chairs and faculty who attended the commencement ceremonies. He discussed various options for changing the College ceremony next year due to the fact that the graduates and faculty members almost did not fit on the Coliseum floor this year.

2. The committee discussed the Provost’s suggestion of having minimum enrollments for classes to make in the fall and spring semesters.

3. Dean Hopkins asked the department chairs whether they needed to hire new instructors in order to add needed courses to the fall semester, especially those for incoming students. In addition, he reminded the chairs that he would soon be writing a request to the Provost for new tenure-track positions.

4. Dean Hopkins led a discussion about budget and salary raise issues.
