III. OTHER BUSINESS:

1. Don Howie, Director of Summer School, presented information about 2013 Winter Session and Summer School as part of his effort to increase communication from his office. He provided each committee member with Winter Session fact sheets on minimum enrollment requirements, proration of course salaries, and preparation of eforms. Chairs received information on courses to be offered within their departments, and the deans received all course offerings for the College. Howie also discussed the fact that while 2012 Summer School revenues were down only 4.3%, credit hours attempted were down 11%. The discontinuance of summer Pell Grants is one reason for these declines.

2. Dr. Glenn Hopkins reminded the committee members of the Chairs’ Retreat to be held the next day.
